
PERSONAL STATEMENT

Versatile data analyst with PhD in biomedical science and 5+ years of domain expertise in medical marketing/strategy. Comfortable across the full analytics workflow — from writing complex SQL queries and cleaning data in Python to building executive dashboards and presenting findings to leadership. Thrive in fast-moving environments where curiosity and initiative matter as much as technical skill.

SKILLS

- Proficiency with querying, programming, visualization: SQL (2+ YOE), Python (2+ YOE), Excel (5+ YOE), Tableau, Power BI, Looker
 - Comfortable with using AI workflows/agents/prompt engineering (Cursor/ChatGPT/Claude Code etc.) to improve productivity
 - Excellent oral and written communication of data analysis and insights to support decision-making by senior leadership and clients
 - Ability to work effectively with cross-functional teams (medical, finance, operations) in a fast-paced, data-driven environment
 - AWS Certified Cloud Practitioner; familiarity with all major cloud platforms (AWS/Azure/GCP), and version control (Git/GitHub)
-

PROJECTS

- Clinical trials tracker/thought leaders VBA tool (Excel)?
 - Asset/project management trackers (Excel)?
 - New Business pitch presentations? Med Strat presentations?
 - Job Leads Tracker (Airtable Data/Interface links?)
 - Disney movies analysis end-to-end? (Kaggle/LinkedIn link)
-

EXPERIENCE

CAREER BREAK (2021 – Present)

- Upskilling: SQL and Python proficiency (200+ coding challenges solved), Airtable with agents, projects involving dashboards, visualizations (Power BI/Tableau links), AWS Certified Cloud Practitioner, and version control (Git, GitHub Foundations certified)
- Caregiving: Managed logistics, scheduling, and personal care for a family member

ASSOCIATE MEDICAL DIRECTOR (2018 – 2021), MEDICAL STRATEGY ANALYST (2016 – 2018)

BGB Group | New York, NY

- Provided strategic medical consulting to top Pharma/Biotech clients for a mid-sized medical advertising company
 - Developed Excel (VBA) macros/tools to track 400+ clinical trials, manage 100+ assets/projects – later adopted widely across teams
-

EDUCATION

POST-DOCTORAL FELLOW, DEPARTMENT OF RADIOLOGY

New York University School of Medicine (2013 – 2016)

- Published 14+ articles in scholarly medical journals applying data analysis methods to imaging datasets – available upon request

PHD IN BIOMEDICAL IMAGING, MS IN NEUROSCIENCE & PHYSIOLOGY

New York University Graduate School of Arts & Science (2013, 2011)

- Gave poster/oral presentations to diverse audiences at international scientific conferences
- Completed relevant coursework in: Statistics, Biostatistics, Epidemiology, Scientific Computing (using MATLAB)

BA IN NEUROSCIENCE & BEHAVIOR

Columbia University (2004)
